PROFESSIONAL SUMMARY

Certified Executive Virtual Assistant with experience supporting business operations through executive administration, research, and process improvement. I specialize in identifying operational challenges, conducting in-depth research, and developing practical, well-structured solutions that help businesses improve efficiency and make informed decisions.

Known for taking initiative, thinking critically, and working independently, I combine strong organizational skills with analytical problem-solving to support executives, entrepreneurs, and growing businesses. My approach goes beyond completing administrative tasks—I proactively identify opportunities to improve workflows, streamline processes, and contribute to business growth through research-driven recommendations.
